

TERRIBLE NEW
YORK HOLOCAUST

One Hundred and Forty-one Persons Perish in Fire in Factory District.

TWELVE FATALLY HURT

With No Fire Escapes Many Leap to Street and Are Horribly Mangled.

New York, March 27.—One hundred and forty-one persons—ninety-nine of them girls from the East Side—were crushed to death on the pavements, smothered in smoke or shriveled crisp in a factory fire, the worst disaster New York has known since the steamship General Slocum was burned to the water's edge off North Brothers island in 1904.

Eighty-two of nearly 150 victims have been identified. The official death list has been lessened rather than increased.

Revised count shows 141 dead, with twelve women and girls at death's door in the hospitals. One hundred and fifty all told, perhaps, will conservatively cover the casualties when those whose horrible hurts and burns seem fatal shall have joined their fellow workers in pine coffins at the morgue.

Nearly all, if not all, of the victims were employed by the Triangle Waist company on the eighth, ninth and tenth floors of a ten-story loft building at 23 Washington place, on the western fringe of the downtown wholesale clothing, fur and millinery district.

There was not an outside fire escape on the building.

How the fire started will perhaps never be known. A corner on the eighth floor was its point of origin and the three upper floors only were swept. The loss to property will not exceed \$100,000.

Girls Fall From Windows.

Four alarms were rung within fifteen minutes. Before the engines could respond, before the nets could be stretched or the ladders raised five girls had fallen from the eighth and ninth floors so heavily that they broke through the glass and iron roofs of the subcellars and crashed through the very streets into the vaults below.

In an hour the fire was out; in half an hour it had done its worst; probably the death list was full in twenty minutes.

The building stands on a corner, with exposure on two sides, but the only fire escape was interior, opening on a light and air shaft. In all there were seven exits—the single fire escape, two freight elevators at the rear, two passenger elevators in front and two stairways. All of them proved almost useless and practically all who escaped either climbed to the roof and scrambled thence to the roof of the building adjoining, or fled in the first rush for safety before the crush and the smoke grew too thick.

The building stands with shell intact and barely scarred—rather only smudged, the partitions of the architectural tiling of the floor are sound and it is impossible for one who did not see it to imagine how the flames in so short a space could have wrought such havoc. Seven hundred hands, 500 of them women, were employed by the shirt waist company. They sat in rows at their whirling machines, the tables before them piled with flimsy cloth, the floor littered with lint, the air itself full of flying, inflammable dust.

Lungs Seared by Flames.

The first rush of flame was almost an explosion. Operators died in their chairs, their lungs seared by inhaling flames. Others were crowded into the elevator shafts after the cars had made their trip. Still others were pushed off the inadequate interior fire escape.

In such a horrible stream did the bodies overflow from the windows that the fire nets, stretched by the first company to arrive, were soon gorged beyond capacity.

Twelve bodies weighted one net to the bursting point, but the bodies kept on tumbling to the pavement, through meshes that could no longer support them.

With all the dead removed from the building the corner began an investigation into the disaster—one of several inquiries which will be conducted by city departments, aided by agents from the district attorney's office. An inquest will be held and its result will be placed before the grand jury. Many grand jurors visited the scene and District Attorney Whitman announced that those responsible for the loss of life would be rigorously prosecuted.

Guilty of Murdering Wife.

Minneapolis, March 27.—Albert Potonice, accused of killing his wife in October, 1907, was found guilty by a jury in the Hennepin county district court of murder in the second degree. The jury deliberated for four hours. Sentence will be passed within a few days.

CHINA HAS NO
ALTERNATIVE

Will Acquiesce Unreservedly to Russia's Demands.

IS UNPREPARED FOR WAR

As Result of Prolonged Conferences Chinese Foreign Office Decides to Yield to Terms of Russian Ultimatum, Which Gave Only Until March 28 to Comply—Interest in Attitude of Japan.

Peking, March 27.—China is not prepared to antagonize Russia completely and as a result of prolonged conferences the Chinese foreign office assured the Russian minister, M. Korostovetz, that China will acquiesce unreservedly to the demands made in the Russian ultimatum concerning the provisions of the treaty in 1881. Russia insisted upon an answer before Tuesday.

It is generally considered that there was no alternative course, in view of China's utter unpreparedness for war. Intense interest is being manifested in the attitude of Japan, which is obviously holding entirely aloof, although more powerful than ever at Peking.

While the issues between China and Russia have been almost obliterated by the recent series of ultimatums theoretically insufficient cause for occupation exists. Russia apparently fears that she could obtain only paper promises, which the Chinese would not observe unless intimidated. Russians here point out that they have less now in the way of concessions from China than when the treaty was signed.

Some sections of the legation quarter ridicule Russia for not following in the first instance the recent example set by Great Britain in occupying territory and awaiting China's readiness to discuss the contested points. But it is recognized that Russia, by failing to do this, has shown that she does not possess aggressive design.

The Chinese newspapers, which are very hostile against Great Britain, which they accuse of beginning the present land grab, and they prophesy that both Japan and France will not be long in following suit.

RUSSIA THREATENS CHINA

March 28 Fixed as Date for Compliance With Demands.

St. Petersburg, March 27.—The Russian government is determined to force China to take decisive action with regard to the Russian demand that the provisions of the treaty of 1881 be complied with. Russia's ultimatum, which has been presented to the administration at Peking through the Russian minister, declares China must give a satisfactory reply to the Russian note of Feb. 16, setting forth in detail the Russian claims, before March 28, otherwise it will hold the Chinese government responsible for such action as Russia deems advisable to take.

MAGAZINES BY FAST FREIGHT

Postmaster General to Use New Means of Transportation.

Washington, March 27.—Magazines and other bulky periodicals after July 1 next will be transported by the post office department in carloads as fast freight.

Postmaster General Hitchcock is developing as rapidly as possible plans which he decided upon last December to utilize fast freight in the transportation of magazines when practicable, and in instances where a saving to the government in transportation charges may be effected.

"The plans I have decided upon," said Mr. Hitchcock, "are not proposed as a solution of the pending controversy over the suggested increase of the second class mail rates on the advertising sections of magazines, but they probably will tend to bring about a solution of that question the more easily."

A Short Sermon.

It is reported that a young man, being examined preparatory to joining the church, was asked, "Under whose preaching were you converted?"

"Under nobody's preaching," was the prompt reply. "I was converted under my mother's practicing."

Did any preacher ever utter so powerful a sermon as the young man embodied in those few words?

Eight Killed in Wreck.

Tifton, Ga., March 27.—Eight persons were killed and more than a dozen injured when train No. 95, known as the "Dixie Flyer," on the Atlantic Coast line, running between Chicago and Jacksonville, Fla., went through the trestle over the Alapaha river, eighteen miles east of here.

WILLIAM J. CUMMINS.
Officer of Carnegie Trust
Company Under Indictment.

IN CARNEGIE TRUST PROBE

Twenty New York Financiers Summoned Before Grand Jury.

New York, March 27.—The equivalent of twenty large loaded dynamite bombs was thrown into the banking district by the district attorney in the shape of twenty subpoenas duces tecum requiring the recipients—all noted bankers—to appear before the grand jury this week in the Carnegie Trust investigation. These subpoenas disclosed that the grand jury is not only investigating the Carnegie Trust company failure and the relation of city deposits to loans made by banks to the William Cummins coteries, but the probe is going into the state banking department.

MISSION OF WOOL
GROWERS USELESS

House Democrats Determined to Revise Schedule.

Washington, March 27.—Members of the ways and means committee of the house of representatives are not much exercised by the announcement that Western wool growing interests are preparing to march upon Washington in force when the tariff question is considered.

"While I have no authority to say that wool growers will not be given a hearing," said Chairman Underwood, "it is my opinion that they might just as well make an assault upon Gibraltar as upon the house. We know now all the arguments that will be advanced against the revision of schedule K, but there is no question about what the house will do. We will make our revision and send it to the senate and whether it goes any further remains to be seen."

The comment made by Mr. Underwood reflects the attitude of the entire majority of the ways and means committee and the leaders of the new Democratic house.

PROFESSOR WHITNEY DEAD

Last of Four Famous Brothers Expires From Heart Failure.

New Haven, Conn., March 27.—Professor Henry Mitchell Whitney died of heart failure. He was the last of four brothers, of whom the other three were Professor William Dwight Whitney, the Yale philologist; Professor Josiah Dwight Whitney, the Harvard geologist, and James Lyman Whitney, for some years head of Boston public library.

Born in Northampton, Mass., in 1843, Professor Whitney graduated from Yale in 1864. For twenty-eight years he was professor of English literature in Beloit college, Beloit, Wis. Since 1899 he had been head of the Blackstone memorial library in Branford, Conn.

AGED WIRE CHIEF STRICKEN

Apoplexy Proves Fatal to Seventy-Year-Old Operator.

St. Louis, March 27.—Marcus D. Crain, seventy years old, for twenty years night chief operator of the Western Union Telegraph company here, died from the effects of an apoplectic stroke. He had been in the employ of the telegraph company fifty years.

During the Civil war he was chief of the telegraph field corps and served in that capacity with Colonel R. C. Clowry, former president of the Western Union Telegraph company.

GALE RAGING IN ENGLAND

Snow Accompanies Storm Blowing Over the Channel.

London, March 27.—A furious gale has been blowing for the last forty-eight hours in the English channel, with snow blizzards. It has completely disorganized the mail service and caused a number of minor casualties.

Nearly all the telephone and telegraph lines between London and the Kentish coast have been blown down.

PHILIPPINES TO
THE FORE AGAIN

Democrats Will Have Chance to Carry Out Their Policy.

THE ELECTION OF SENATORS.

Borah Will Push Resolution Providing For Popular Vote—Representative Slayden of Texas Will Seek to End Scare About Plans to Grab Territory in America.

By ARTHUR W. DUNN.
Washington, March 27.—[Special.]—Not since the Philippines were acquired has there been a Democratic congress. Never has there been an opportunity for the Democrats to put in practice the policy which they have made a part of their doctrine—the early independence of the Filipinos.

Since the last congress adjourned the commissioners of the Philippines, Queen and Legarda, have printed in the Congressional Record an elaborate plea for Filipino independence. It may not have any immediate effect, for there will be no legislation passed which will permit consideration of the separation of the United States from the Philippines. At the same time there is the possibility of passing a resolution through the house declaring the position of the Democratic party on the subject.

Direct Election of Senators.
Senator Borah will present his resolution for the direct election of senators in the same form as it was reported from the senate committee on Judiciary, without the Sutherland amendment, which was killed in the last senate. The Idaho senator believes that the resolution will pass in the next senate either with or without the Sutherland amendment. It lacked only a few votes in the last senate, and the many changes will be in its favor when it comes to a vote again.

Don't Steal Territory.
Congressman Slayden of Texas had a resolution in the last congress which had for its object the preventing of territorial stealing on the American continent, as he states it. It was a declaration by this government that it was not the purpose of the United States to acquire in any manner any territory on the American continent.

Slayden wants a similar resolution put up to every other government on the American continent, and, if adopted, then a general treaty of all the governments can be arranged in which the declaration will be made of binding force and effect. He thinks that such a resolution would go a long way to end apprehension on the part of weaker nations of the continent. It would be in line with the declaration made by Secretary Root at the Rio conference.

President Taft has commended the Slayden resolution, and it will be presented when the new congress meets.

Action Causes Regret.

"If I knew Justice Hughes well enough I would go to him and urge him not to serve as a member of the commission to inquire into the rates of second class mail matter. I think it is beneath the dignity of members of the supreme court to serve on commissions of any kind and, further, that they ought not to give time to such matters."

This remark was made by a member of the senate judiciary committee, who has a deep feeling about the duties and employment of justices of the supreme court. There are many lawyers who share the same view and regret that a justice should be named for such duty.

They Call Him Bob.

Senator La Follette did not have a single friend in the senate for quite a number of years after his entry into that body. Now he has a great many friends, and they call him Bob. Not only do they speak of him in such familiar terms, but they are also considering his presidential possibilities, and he has quite a number of supporters. Times have changed.

Will Be Referred to Champ.

Here is something that should at once engage the attention of Champ Clark, the defender of the Missouri mule. A consul in China says officially that north China is raising fine mules, and "in Peking one will see mules quite as good in every respect as the Missouri and Kentucky product."

Think of it—a Chinese mule as good as those of Missouri and Kentucky! Champ Clark was born in one state and lives in the other. He will never permit such an official declaration to go unchallenged.

A New England Contest.

It will take another series of night sessions of the senate to decide a contest between Vermont and New Hampshire. During the long nights of filibustering in the senate Senator Page of Vermont and Senator Burnham of New Hampshire sat in a convenient committee room and played checkers like a pair of old New England farmers.

When the bell would ring for a quorum they would go and answer to their names and then return to the contest. Night after night the games went on, and the victor has not yet been proclaimed. There has not been difference enough to determine whether the Green or Granite mountain man shall be awarded the championship.

JUDGE LANDIS.

THREAT FOR JUDGE LANDIS

Receives Letter Signed "Black Hand" and Putting Price on His Life.

Chicago, March 27.—Judge K. M. Landis of the United States district court received a letter signed the "Black Hand," and threatening his life unless he released a man appearing for trial in his court.

It was mailed in the North Side Italian district and read: "You discharge John Alongi or we will kill you as we did to others—Black Hand."

Alongi was arrested for sending threatening letters to a fellow Italian. He was tried last week and the jury in Judge Landis' court, after being out twenty hours, disagreed. The court ordered Alongi held, pending the second trial.

THREE CORNERED DUEL FATAL

Two Dead and One in Jail as Result of Cattlemen's Dispute.

Albuquerque, N. M., March 27.—Thomas and Edward Hall, brothers, are dead and William Zumalt is in jail as the result of a three cornered duel with revolvers which occurred near Kenna, N. M. The men were all cattlemen and owners of small ranches near Kenna.

The fight followed a dispute concerning the ownership of some cattle. A small boy, the only witness of the tragedy, says all three men were mounted and that shortly after they met the shooting began.

SIT STILL, SAYS GOMPERS

Country Expects Great Things From Democratic Congress.

Atlanta, Ga., March 27.—Samuel Gompers, president of the American Federation of Labor, arrived in Atlanta to make preliminary preparations for the national convention of the federation, which meets here next November.

Commenting on the present status of national politics Mr. Gompers said:

"We have just got to sit still, wait a while and watch. The country expects some great things in the way of constructive legislation from the Democratic congress, as much has been promised and much is needed. We have eighteen union labor men in the present congress and they will stand for anything that looks toward good, sound and just constructive legislation."

Lady Dean Paul Keeps Slander Suit Out of Court.

London, March 27.—The slander suit which the beautiful Mrs. Atherton brought against her sister-in-law, Lady Aubrey Dean Paul, has been ended by a money settlement by Lady Dean Paul on the very eve of being heard in court, thus avoiding sensational revelations.

Mrs. Atherton has been called "the most fascinating of disturbing elements in English society." Colonel Atherton divorced her, naming the then Captain Yarde-Butler as co-respondent. In her cross suit for divorce against John Alexander Stirling, laird of Hippendavie, the former Mrs. Stirling named Mrs. Atherton as co-respondent.

CANADIAN MINERS
PREPARE FOR STRIKE

Seven Thousand Will Cease Work Next Friday.

Lethbridge, Alta., March 27.—Active preparations are in progress by the Miners' union for the strike of 7,000 miners in Southern Alberta and in the Crows Nest pass district, which has been called for next Friday. Twelve big mines will be affected, the largest being located here. The daily output here is 18,000 tons. The mines affected are located at Cold Creek, Lethbridge, Michel, Hosmer, Bellevue, Corbin, Coleman, Blairmore, Lille, Frank, Hillcrest, Passburg, Bankhead and Cammore.

There are a dozen independent mines which have separate working agreements with the miners and will not be affected. Steam coal will be very scarce after April 1 and the Great Northern railway will be seriously inconvenienced, this railway being the best customer of the Crows Nest mines.

SHEEHAN REMAINS IN FIGHT

Will Try for Endorsement at Albany Caucus Tonight.

New York, March 27.—William F. Sheehan will go before the Democratic caucus tonight at Albany as a candidate for renomination for United States senator. So much he affirmed in an open letter to the Democratic members of the legislature and in private conversation he told his friends that he expected another majority endorsement. But he is the only expectant person. Daniel Cohan, right hand man to Charles F. Murphy in the councils of Tammany Hall, would not be surprised if a nomination fell into his lap.

Mr. Murphy told Governor Dix that he knew Mr. Sheehan would make a statement and he was able to carry to the governor the tenor of that statement, with renewed assurance that Monday's caucus would be "free and untrammeled." In this assurance Mr. Cohan, who has the personal support of many Tammany men, reads his chance of success.

OPINION ON WALL STREET

Government Will Win Standard Oil and Tobacco Cases.

New York, March 27.—Well informed Wall street believes that the Standard Oil and American Tobacco decisions will be handed down April 3, the day the supreme court ends its two weeks' vacation. Wall street also believes that the government will win both cases. That conclusion is based, first on the actual testimony submitted by the two companies under examination, and second, on the knowledge that the supreme court has never been known to reverse its own decisions. And the truth is that Wall street does not know what effect the decisions will have upon the stock market. That is why speculation has come to a dead standstill.

Rebels Believe New Cabinet Will Oppose Reforms.

OUTLOOK FOR PEACE DARK

Men So Far Chosen by President Diaz as His Advisers Are Not Looked Upon Favorably by the Insurrectos. Ambassador De la Barra Leaves Washington to Become Mexican Minister of Foreign Affairs.

El Paso, Tex., March 27.—On intimations direct from Francisco I. Madero it is given out in insurrecto circles here that the selection of President Diaz' new cabinet, in so far as has been given out, is regarded as entirely unfriendly to the reforms for which the Mexican insurrection is being waged and, as a consequence, the war will go on uninterrupted.

It is pointed out that among the men selected for the new cabinet none is distinguished for any activity in the reform movement for which Madero is in arms.

The promise of Jose Yves Limantour of "an entire change of policies in Mexico," given to the revolutionary agents in New York, is still looked to by the insurrectos. Senor Limantour, having met the insurrecto agents and having been quoted as saying their demands had some reasonable foundation, is regarded as the chief friend of the insurrectos now in Mexico City. Yet it is known that Senor Limantour does not sympathize with the demand that Diaz shall retire and that any peace negotiations shall be conducted under an armed truce.

DEPARTS FOR MEXICO CITY

Ambassador De la Barra Enters the New Cabinet.

Washington, March 27.—With the departure for Mexico City of Francisco de la Barra, Mexican ambassador to the United States, who was appointed minister of foreign affairs in the new cabinet of President Diaz, official Washington believes the initial stage of an era of peace in Mexico has been inaugurated.

President Taft and Secretary of State Knox, as well as the members of the diplomatic corps, share this belief. Many messages of congratulation from persons in various parts of the world to Senor de la Barra expressed this sentiment.

REYES FOR WAR PORTFOLIO

Mexican General May Soon Return From Paris.

Mexico City, March 27.—Although no one has yet been selected by the government to take the place of General Manuel Gonzalez Cosio as minister of war there is a growing belief that General Bernardo Reyes ultimately will occupy that post in the new Diaz cabinet.

That General Reyes soon will return to this country from Paris is conceded generally. Semi-official statement has been made that he will be given a command in the army. This is taken by many to mean that the post of minister of war will remain filled by General Cosio until after the close of the war, when General Reyes will be called to the capital and placed in charge of the department.

Small Steamer Sinks During Gale Off Vancouver Island.

Victoria, B. C., March 27.—The British Columbia Shipping company's little wooden steamer Sechelt, built for passenger service on an inland lake, turned turtle in a furious gale off Beechey Head, Vancouver island, and went down with all on board, twenty-two passengers and the crew of four men. Thirteen passengers had landed at William Head just before the steamer went out to destruction. Most of the passengers were railroad laborers bound for a Canadian Northern construction camp, but a few were residents of Sooke.

Colored Pugilist Sentenced to Jail at San Francisco.

San Francisco, March 27.—Jack Johnson, champion heavyweight pugilist of the world, who was sentenced to twenty-five days in the county jail upon pleading guilty in the police court to the charge of violating the automobile speed ordinance, was released on \$500 cash bail after spending several hours in jail.

The bail was granted by Superior Judge Morgan pending an appeal to the superior court.

Bits of the Philosophy of Life

Every man needs more money. An hour comes into the lives of each of us when a sum of ready money means a long leap toward independence, or it means health—or even life itself. The resourceful man always backs up his energy by a steadily increasing bank account.

consent given to make the race. His candidacy is such that will meet with the approval of every fair minded citizen, a man of the people, thoroughly acquainted with their needs, and broad minded enough to administer the affairs without interference from any interest or individual. The city of Brainerd needs a mayor of this kind and the opportunity is now afforded. The coming two years will be stirring ones in the city and with a man of Mr. Crust's known ability and splendid personal characteristics at the head of the city government, the history that is sure to be made will be of such a character that all can point with pride to the chief executive.

The election of capable men to transact the business of the city is one of the most important things to be considered, and the city council should be composed of men who have the city's interest at heart, who are tax payers to that extent that they will safeguard the interests of the taxpayers at large and who can and will devote their time to the transaction of the city's business at all times when necessary to protect and promote the same. The men placed in nomination for these responsible positions in the several wards of the city by the republican city convention were selected on account of their qualifications and with the one idea that to conduct the business of a city successfully it is necessary to have experienced men at its head.

Talking about reciprocity, over at St. Cloud where politics usually warm up to the highest pitch, the republicans have nominated a democrat for mayor and in order not to be outdone the democrats put a republican in the field for the same office. They could not agree on one candidate and thought this was the best way to get even with one another. It is not even intimated that either party will knife their own nominee but if the democrats vote for and elect a republican it will be something new in the annals of Stearns county.

If Brainerd followed St. Cloud's example democrats and republicans would have to nominate candidates of opposite faith and then both endorse the socialist.

The rain followed by snow of Saturday night and Sunday was the most welcome change in the weather program that has been experienced in this section for some time.

Don't Buy a Dress

Without First Coming Here for Suggestions

You have your own ideas regarding dress goods materials. You have a pretty good idea of the kind of a dress you want. You know the weight, the weave, the style, color or combination of colors that is most becoming. You know about what price you intend to pay. Why then should you be satisfied with anything commonplace; anything other than the best in material and the utmost in style and promised service? And when all this—and more in value than you pay for is here in **Our Spring and Summer Displays of La Porte Dress and Wash Fabrics.**

Isn't it only fair to yourself that you come, see, compare, and obtain suggestions that will help you in planning your Outfit? Whether you make you dresses or not—whether material for your own or your children's dresses is wanted—you cannot find a bigger, better or more economically priced assortment of up-to-date weaves and patterns in wool or wash dress materials than you will find here. Prices from **15c the yard up to \$2.50.**

See the new worsted Taffetas, Panamas, Mohairs, and manish novelties—the beautiful Gray Suitings, Brown Mixtures; or, in Wash Goods—make it a point to examine the many pretty color-fast patterns in Gingham, Dimities, Challies and Silk and Cotton Fabrics for Evening or Graduation or Summer Dresses.

When you want the pretty things, something new and something different, you must visit your Exclusive Smart Little Shop where Goods of Quality reign. Brainerd's brightest and best. Want to please you.

right now about that range. We believe that in the Majestic and Stewart Ranges we have the finest combination that it would be possible to get. You have all heard of the great Majestic, without exception the very BEST that money can buy. You can hit the top with a sledge hammer but you can't break it for it is constructed of polished MALLEABLE STEEL.

No cracks or crevices around the oven, for the jacket is made of a new metal, called charcoal iron, and can be riveted so tightly that it is absolutely impossible for heat to escape from around the oven. We have handled the Majestic for twenty-nine years and not one has gone back on us.

Prices from \$58.00 to \$65.00

We also carry the Stewart Range, the best medium priced range on the market.

Prices from \$28.00 to \$50.00.

HOUSE CONSIDERS KLEMER CHARGE

Special to The Dispatch—

St. Paul, March 27, 1911.—A motion was made in the house this morning that Representative Klemer be compelled to apologize for his recent charge against Speaker Dunn. The friends of Klemer moved as a substitute that the house take a recess, the latter motion carried 46 to 43. The matter may come up again late this afternoon.

DRILLING NORTH OF CITY

Five Drills Said to be Working on the VanHorn Property Sixteen Miles North

J. Huddleston, of Ossipee, was in the city this morning and stated that five drills said to be owned by John Whiteside, of Duluth, were drilling for iron ore on the VanHorn property about three miles south of his farm.

The scene of this drilling lies about 6 miles north of Brainerd.

STRIKE ORE NEAR BUHL

Helmer Exploration Co., Whose Officers are Well Known in City and Deerwood, Make Strike

The Duluth News-Tribune contains the news of a rich strike at Buhl made by the Helmer Exploration Co., whose officers are well known here and at Deerwood. The article reads:

"The Helmer Exploration company, of which T. P. Cory, of Deerwood, is president, E. A. Lamb is secretary and treasurer and William Seafeld is manager, has a drill at work on Culver avenue near the depot, drilling for the Iron Mountain Mining company. This is the second hole sunk for the Iron Mountain Mining company, and it is understood that a considerable quantity of high grade ore has been shown up. The Carlton Exploration company also has drills at work close to town and on the Sharon property."

WOMEN GATHER IN BRAINERD

23rd Annual Meeting of Societies of Red River Presbytery Convening in City

AT THE PRESBYTERIAN CHURCH

March 27 Foreign Day; 28th Home Day, and on the 29th, Foreign Day Programs

The 23rd annual meeting of the Woman's Missionary Societies of the Red River Presbytery will be held at the First Presbyterian church on March 27, 28 and 29.

The sessions opened this afternoon at three o'clock and included devotions, response to roll call, echoes from the conference at Edinboro, the

minutes of 1910, and the reports of the societies. Mrs. Louis Hohman sang a solo. Mrs. W. C. Roberts took up the subject: "The Year's Tale That is Told." Mrs. S. S. Stone spoke on "What Our Young People are Doing." Mrs. E. T. Nelson's subject was "How We Have Read."

Mrs. S. T. Putnam spoke on "Account of Stewardship." Mrs. E. L. Ludwig devoted herself to a resume of "Mission Study and Summer School of Missions."

This was followed by music, offering, appointment of committees and the benediction.

In the evening Miss Pippy will sing a solo and Mrs. M. D. Edwards, who arrived this afternoon from St. Paul, will deliver an appropriate address.

Tuesday there will be sessions morning, afternoon and evening at the First Presbyterian church, in the morning at 9:30, afternoon at 2 P. M. and evening at 8 P. M. This day will be known as "Home Day."

The meetings will conclude with a morning session on Wednesday, known as Foreign Day, which program will be announced tomorrow.

FIRST RAIN SATURDAY

Commences Falling Saturday Evening at Seven O'clock Accompanied by Thunder

Accompanied by peals of thunder the first rain of the season fell on Saturday evening at seven o'clock and continued during the night and the following Sunday to noon, when the temperature fell and a strong wind blew, a light snowfall of several hours duration succeeding the rain.

There have been two very light sprinkles of rain this spring but Saturday night's rain is the first heavy rain of the season.

It has proven of inestimable benefit to the farmers who have been fighting forest fires until they have been nearly exhausted from this strenuous and exciting work. It has charged the dry ground with moisture which will be of the greatest value to the farmers when seeding commences in the county.

MUSIC AND DRAMA

"Polly of the Circus"

"Polly of the Circus" drew a good audience at the opera house on Saturday evening and the play pleased all who witnessed it. Miss Georgia Olp was an ideal Polly, natural and unaffected, who won her way into the heart of the minister as well as the hearts of the whole audience. The circus scene was most realistic. "Little Hip," the elephant performed and one of his tricks kicking a football into the audience, caused much amusement. The last scene was a beautiful stage picture showing demure, little Polly reunited with her lover.

SOCIAL EVENTS

Friends of Mrs. Catharine Johnson surprised her Saturday afternoon on the occasion of her 79th birthday by calling on her at the home of her daughter, Mrs. Alfred Anderson, 1023 South 13th street, in Southeast Brainerd and presenting her with a neat sum of money. Refreshments were served and all present spent an enjoyable afternoon. This token of their esteem was very much appreciated by Mrs. Johnson, as she was sick in bed at the time.

The "Merry Rambler" club met Saturday at the home of Mrs. Milo Bedal in Northeast Brainerd. "500" was played. Mrs. William Schlange won the ladies head prize and Victor Root the gentlemen's head prize. Mrs. L. Bedal won the consolation prize and William Schlange carried away, as usual, the booby prize. A delicious luncheon was served and all had a very enjoyable time.

DEMOCRATS NAME DUNN FOR MAYOR

Proceedings in Detail of Democratic Convention Held Saturday Afternoon

COMPLETE TICKET IN THE FIELD

Fritz Koop for City Treasurer, Aldermen for Four Wards and Other Officers are Nominated

The convention was called to order at 3:20 Saturday afternoon by John Hughes, who read the call for the meeting. The delegates then placed in nomination James M. Elder as temporary chairman and James Cullen as temporary secretary. On motion of William Barron the temporary officers were made permanent.

Mr. Elder, in accepting the position, made a happy, characteristic speech and complimented the party on the interest shown in the coming election and advised them to select good, competent men having the best interests of the community at heart.

A committee on credentials was appointed which recommended seating all delegates present, which report was accepted.

Nominations for mayor were now in order and Chairman Elder, resigning his seat temporarily to John Hughes, made a short speech eulogizing H. P. Dunn and placed him in nomination as the standard bearer for the democrats of this city in the coming mayoralty campaign.

Seconding speeches were made by William Barron and P. M. Blislar. On motion the nomination was made unanimous and the result was greeted with cheers.

Nominations for municipal judge and assistant were left blank.

Fritz Koop was unanimously nominated for the position of city treasurer.

Henry Krause was endorsed for assessor.

The nominations for aldermen as made by the various caucuses were confirmed, including also the nominations for the board of education.

Some of the delegates wished to be assured beyond any doubt that Mr. Dunn would accept the nomination for mayor and accordingly a committee was appointed to find the gentleman and escort him to the convention. The committee returned and J. W. Koop, addressing the assembly, said: "Gentlemen, I present to you Mr. H. P. Dunn, the next mayor of the city of Brainerd."

Mr. Dunn, in accepting the honor conferred on him, said: "Mr. Chairman and delegates of this convention. Until today I had positively declined to consider the proposition of allowing my name to be presented as a candidate for mayor, but there comes a time in the life of a man when he cannot resist the entreaties of his friends. You have nominated me and I expect you to elect me. I want a clean, honest fight in this campaign and I want every man to put his shoulder to the wheel and help. Gentlemen, I thank you. Hearty applause greeted his speech."

Chairman Elder took the floor and said, in part: "Gentlemen, I must congratulate you on the selection of your nominees and the choice you have expressed for mayor. I am sure that Mr. Dunn will be elected without doubt and that he will have the united support of his party as well as of many of his friends in other parties."

The following committee was appointed to fill vacancies on the ticket: J. W. Koop, John Hughes, John T. Imgrund, P. E. McCabe and P. M. Blislar.

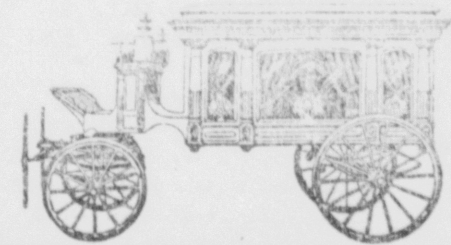

The chairman was empowered to appoint a city committee, such appointments to be announced later. On motion, the convention adjourned.

Can Lectures be Made Popular in Brainerd?

In one or two quarters we have heard it remarked that the entertainment Thursday evening cannot be made a financial success, for lectures are not popular in Brainerd. We believe this will no longer be true. Brainerd, through its successful conventions of the past year, has made great strides in realizing that the talk or lecture is a valuable means of popular education. There is a growing realization that where an individual takes advantage of every opportunity in the way of self-improvement, he may, though deprived of much schooling, become truly educated. The growing number of high school graduates among us should insure a good attendance.

Miss McCoy, in her lecture on the "Passion Play," will be assisted by Mr. Southwick in appropriate music. The entertainment will be Thursday, at Elks' hall at 8 o'clock. Tickets 25 cents.

dressing to use on 13th street, 6th
street and East Kindred street. These
streets have been graded from the
city limits to the paved streets but
they are very sandy and will be very
bad to get over unless there is a top
dressing of some kind put on. Coal
cinders and ashes makes a good top
and we would ask the people and
draymen in hauling out cinders, ma-
nure and in fact nearly all refuse, to
take the same to the places men-
tioned. We would suggest that East
Brainerd use Kindred street; South-
east Brainerd, 13th street and 1st,
2nd and 5th Wards use 6th street
south.**STREET COMMITTEE.****Bids Wanted**For six blocks cement side walks

Knows Little About the Rules—He
Thinks There Should Be One Great
Investigating Committee to Conduct
Inquiry.By ARTHUR W. DUNN.
Washington, March 27.—[Special.]—
"All quiet on the Rio Grande" is the
sentence which the American people
with few exceptions hope may be
flushed daily from the Texas border.
And yet there is a fear among sena-
tors and members of congress that the
warlike demonstration may lead to se-
rious results.Unlike the days preceding the war
with Spain, when there was an actual
majority in both houses in favor of
war to free Cuba, there is scarcely a
man in either branch who does not
hope that the demonstration in Texas
will end soon.The few officials of the war depart-
ment competent to speak of the actual
facts regarding the movement of
troops to the Mexican border assert
that this government merely intends to
stop the supply of arms and men go-
ing to Mexico to aid the insurgents.
The claim is made by Mexico, that the
supplies of men and munitions from the
United States are all that keep the revolution
alive.Littleton Will Learn.
Martin W. Littleton, a new Demo-
cratic member from New York, says
he does not know much about the
rules. A man like that will learn.
A new member once told Tom Reed
that he had from the beginning be-
lieved that knowledge of the rules was
necessary to successful work in the
house and consequently during the
year since he was elected he had master-
ed them."I congratulate you," responded
Reed. "I have been studying the rules
for twenty years and have not yet
mastered them."Littleton thinks there should be one
great investigating committee go-
over the executive departments thoroughly.
This will interfere with the little com-
mittees of expenditures for each of
the departments. They are rather
jealous of their prerogatives, and it is
doubtful if they will consent to turn
over the investigations to one general
clearing house committee.McKinley's Stunt.
Congressman McKinley has never
been heard to make a speech in the
house. He is the most unobtrusive
and quiet member of the body. But
at the end of each session the Illinois
congressman totals up the net results
of the session and shows what the Re-
publican congress has done in the way
of legislation. This he prints in the
Congressional Record, and it generally
makes a good showing. McKinley is
chairman of the Republican campaign
committee, and it is a part of his busi-
ness to have a good record handy.Lower California.
Just in case something might hap-
pen a consular officer in Lower Cali-
fornia has sent to the department of
commerce a report full of information
regarding Lower California, or Baja,
as the Mexicans call the province.
We have heard rumors of an attempt
to set up an independent state on the
peninsula, which means ultimate an-
nexation to the United States.It is quite a region, according to the
report, although there is a lack of wa-
ter and irrigation is necessary for ag-
riculture. But there are mining and
pearl fishing, stock raising and fish-
ing, with lobsters and turtles quite a
part of the products. The mines lack
development, and trade is not very
brisk.A Public Benefactor.
Carl Anderson, who represents the
Thirteenth Ohio district in congress,
is a public benefactor. In the "ad
interim" issues of the Congressional
Record he prints speeches which lighten
up that unusually dull publication. An-
derson lately let the eagle scream over
several pages devoted to the Sulloway
pension bill.What he did not say about the old
soldiers, the boys in blue, those who
left wives, sweethearts, mothers and
sisters to battle for the country, was
not worth saying. If Anderson does
not come to the front as a member of
the house it will not be his fault.**Generous Uncle Sam.**In the goodness of his heart and be-
cause we desire to sustain the comity
between nations Uncle Sam frequently
educates foreigners at the Military
academy or the Naval academy. It
seems to be considered etiquette for
us to grant requests of foreign nations
in this regard.Several years ago the diplomatic rep-
resentative of a southern republic ap-
peared that his country be permitted to
send a young man to each of the
academies. The country had neither an
army nor a navy, but the request was
granted. The diplomat sent his own
sons to the academies, and when they
graduated they engaged in engineering
in New York. The diplomat is still in
Washington, and the country he rep-
resents is still without an army or navy.**One of Those Questions.**"It was his third attempt at sul-
